The references identified in Form PTO/SB/08A were cited in an International Search Report (ISR), dated September 29, 2003, or an International Preliminary Examination Report (IPER), dated June 5, 2005, in the underlying International Application. The Notice of Acceptance of Application under 35 U.S.C. §371 and 37 C.F.R. §1.495 of November 30, 2005 indicates that a copy of the ISR has already been received. Therefore, a copy of the ISR is not provided herewith.

The cited references are relevant for the reasons stated in the ISR and in the IPER. The IPER indicates that the claims in the international application meet the international standards of patentability. The claims in the present application are similar to the claims filed in the international application, and should be in condition for allowance for the same reasons set forth in the IPER. A copy of the IPER is enclosed for the Examiner's convenience.

Pursuant to 37 C.F.R. § 1.97(b)(3), no fee is believed to be due for the submission of this Information Disclosure Statement, as it is being submitted before the mailing date of a first Office Action on the merits. Nevertheless, the Commissioner for Patents is hereby authorized to charge any fees which may be required to Deposit Account No. 23-0650. One (1) original and two (2) copies of this Information Disclosure Statement are enclosed.

Respectfully submitted,
